Supporting women in the internet industry

SPONSOR PROSPECTUS 2026

Internet
Association
of Australia

If you and your organisation are passionate about cultivating a more inclusive internet industry and want to help support and enable women within the industry, why not sponsor a program designed to do just that?

WHAT THE SYSTEMS SAY

"IAASystems NZ 2025 was an inspiring and empowering experience. The workshops on public speaking, presentation skills, career development, LinkedIn, and CV tips were incredibly useful. A standout moment was hearing from a speaker who shared her career journey, it was both motivating and insightful. I'm grateful for the support and community this event provided."

Karnali Dhanani - 2025 Alumna

"What an incredible experience! The workshop was empowering, energizing, and deeply insightful. It exceeded expectations on all fronts. IAASystems is building a powerful platform for women in tech. From mentorship to advocacy, every element feels purposeful and community-driven."

Dilki Fernando - 2025 Alumna

"The opportunity to connect with such a diverse and driven group of women in the tech industry was truly motivating. The support and resources provided by IAASystems, including mentorship and practical advice, have given me the tools and confidence to take charge of my career and continue pushing boundaries."

Eve Raletneva - 2025 Alumna

"I think having workshops that focus on ways to support and uplift women in the tech industry are always worthwhile. The value in them is 50% the actual workshop, and 50% what the women around you bring to the table, and both the IAASystems and the presenters brought so much to the table. I've been in the industry for many years and while we have come so far, we still have a long way to go and groups like IAASystems are an integral part of that journey."

Ashley Mueller - 2025 Alumna

"You cannot be what you cannot see. IAASystems truly brought that to life for me. Being part of this community has been a turning point in my personal and professional growth. Through IAASystems, I've found myself surrounded by brilliant, passionate women who inspire me to speak up, own my space, and confidently shape my future."

Margi Doshii - 2025 Alumna

2026 IAASYSTERS NZ PROGRAM DETAILS

- IAASystems NZ Workshop - TBC
- NZNOG Conference – TBC

PROGRAM OVERVIEW

After the resounding success of the inaugural IAASystems NZ in 2025, we're excited to return in 2026. Building on five strong years of impact in Australia, and following a warm welcome from the New Zealand tech community, we're proud to partner with NZNOG to deliver this transformative program once again.

Inspired by the international systems.org and systems@ietf movements, IAASystems is designed to support women and gender diverse people in the internet industry through a one-day workshop focused on career development. The program includes sessions on career planning, soft skills, and professional growth, followed by participation in a leading technical conference. Each year, ten sponsored attendees are selected based on their application to the program.

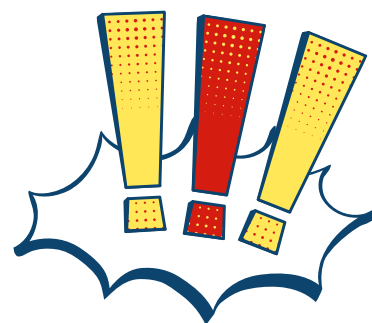

ELIGIBILITY CRITERIA

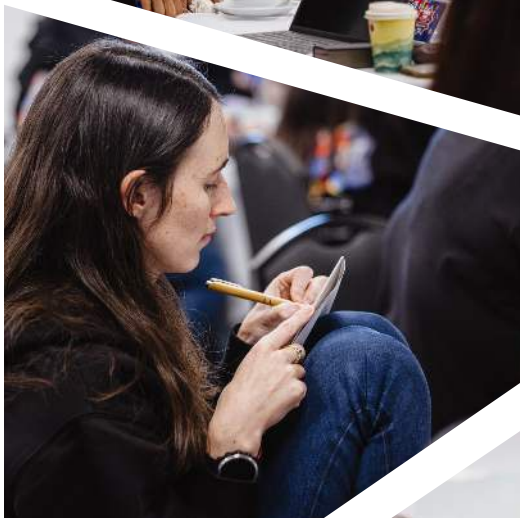

- Must be employed or working towards a career in the internet industry*
- Have a passion for the internet and the internet industry
- Reside within New Zealand

**Applications are open from women working in ALL types of job roles within the internet industry (network operations, engineering, IT, marketing, regulation, customer support or those studying towards a relevant degree or diploma).*

SUCCESSFUL SPONSORED ATTENDEES WILL RECEIVE

- Ticket to attend the IAASystems NZ Workshop
- Ticket to attend the NZNOG technical conference
- Economy airfares and accommodation (if required)
